

DR. BERNARD L. HYINK
Guest speaker at the Annual YMCA Dinner Meeting will be Dr. Bernard Hyink, dean of students of the University of Southern California. Dinner is slated for Tuesday, July 15.

HC Soldier Gets Mock War Award

Sgt. Herbert McKnight, 25514 Doble Ave., Harbor City, Calif., recently was awarded a letter of commendation by Brig. Gen. Hobart Hewett, commander of the 31st Antiaircraft Artillery Brigade, at Fort Lewis, Wash.

Sergeant McKnight was commended for his action as a part of an aggressor team during recent troop exercises at Camp Handford, Wash. The aggressor force pitted itself against defending troops to test the extent of their battle training.

Board Asked for Traveling Judge

The County Board of Supervisors was this week asked by the City Council to establish a traveling judge for Torrance and other cities.

On January 1, 1953, Torrance City Court will be abolished in the court re-organization program, and all local cases will be heard in the new South Bay Municipal Court in Hermosa Beach.

An adult breathes about 16 cubic feet of air per hour.

TEAC Meet Monday Noon

Problems of transporting school children to and from school plants will be the topic of discussion and debate when the Torrance Educational Advisory Committee holds its regular monthly luncheon meeting Monday at 12 noon in the YWCA building at 2320 Carson St.

Reservations may be made by calling the Superintendent's secretary at Torrance 2111.

Largest island in the British West Indies is Jamaica.

The new price control law which was signed by President Truman June 30—six and a half hours before the old law expired—assures consumers of some protection against inflation during the next ten months.

Chief gain from the enactment of this legislation, according to some experts, is that it leaves

almost intact the machinery for dealing with any new threat to the National economy. Had the price control program been abandoned, it would have taken weeks, if not months, to re-establish ceiling prices.

Oil Drilling Near Park Opposed

Informed that a public hearing will be held July 8 on an application to establish an oil drilling district in the area including that adjacent to Highway 101 north of Bixby Slough (Machado Lake), where the City has acquired a large area for playground purposes, the Los Angeles City Recreation and Park Commission on July 3 voted to advise the City Planning Commission that it is opposed to inclusion within the proposed oil drilling district of the frontage for playground and park development, namely, that bounded by Highway 101, Figueroa Street, Vermont Avenue, and Anaheim Boulevard.

The Recreation and Park Commission asked that, if portions of the total area covered by the application may be properly used for drilling, such drilling be restricted to a reasonable setback from the north side of Highway 101, between Figueroa Street and Vermont Avenue.

New Treatment For Arthritis and Muscle Pain

TORRANCE.—If you have been suffering years from arthritic and muscle pain, do not despair. Dr. Larson's new application of the latest in scientific therapy is promising new hope for relief of the crippling torture of arthritis and rheumatic conditions. You are invited to come in for a complete examination to discover the true cause of your condition. Price for this examination is only \$5. Phone Torrance 2130 before coming to offices of Dr. Larson, D.C., Ph. C., 1110 Sartori Ave., Torrance (three doors north of Torrance Blvd.). —Adv.
